Personal Details

Contact No	0823110696
Email Address:	reatlehilemotaung@gmail.com
ID Number:	9203055010087
Date of Birth:	5 March 1992
Nationality:	SA Citizen
Languages:	English, Sesotho
Drivers License:	Code 10

Objectives

I aspire being in an environment that will greatly benefit from my knowledge as I would from theirs by working with professions that are just as enthusiastic as I am. I believe that with my tenacity and moral ethics of working hard and smart, my unyielding thirst to learn and my ability to work in a group and share information makes me a suitable candidate for this position.

Education Background

Tertiary Education:

Institution:	Degree/ Certificate	Date of Completion
Heriot Watt University (Approved Learning Partner with Pearson Institute Of Technology)	BSc in Computer Science	Feb 2014
Torque IT	CCNA (R & S)	Sep 2014
Self-Study	MCSE (Private Cloud)	December 2015
Self-Study	MCSE (Server Infrastructure)	August 2016
Self-Study	MCSE (Cloud Platform and Infrastructure)	September 2016
Self-Study	MCSA (Web Application) HTML, CSS3, JavaScript	In Progress

Institution:	Degree/Certificate	Date of Completion
Self-Study	CompTIA Cloud+	December 2017

Institution:	Degree/Certificate	Date of Completion
Self-Study	MCSE in Productivity (SharePoint 2016)	March 2018

Institution:	Degree/Certificate	Date of Completion
Self-Study	MCSA in Database Administration 2016	March 2019

Institution:	Degree/Certificate	Date of Completion
Self-Study	AWS Solutions Architect Associate	In Progress

Institution:	Degree/Certificate	Date of Completion
Self-Study	Microsoft Azure Administrator	Nov 2019

Institution:	Degree/Certificate	Date of Completion
Self-Study	PCEP-Certified Entry-Level Python Programmer	In Progress

Institution:	Degree/Certificate	Date of Completion
Self-Study	Microsoft Certified: Azure DevOps Engineer Expert	In Progress

Secondary Education:

School:	Certificate	Date of Completion
General Smuts HS	Matric	December 2010

Work Experience

Work Experience:

Currently – Cloud Security Consultant at Private Protocol
Company product Deployment and Configuration (TITUS, NetSkope, Accelion and DataGuise)

        Product Testing and Analysis
        Company Solution and strategy consulting
        Document project outcome.

Research and develop product deployment in Cloud Solutions (Azure, AWS)
Perform database queries and operations using Microsoft SQL
Write PowerShell Scripts.
Edit XML files
Create SSL certificates
Microsoft IIS Administration
Deploy applications into Azure
Office365 SharePoint Management
SharePoint deployment.
Office 365 Administration(Reporting, User account management)
Write MS SQL queries and manage DBs
Configure and Manage Windows servers.
Application Security tools used:
Titus - https://titus.com/
Netskope - https://www.netskope.com/
Nucleus Cyber - https://nucleuscyber.com/

Technical Service Consultant for Netsurit, April 2017 – October 2018

Installation and setup of routers and switches
Working knowledge of APC UPS
Knowledge of LAN technologies, switches, cables and bridges
MS Active Directory
Knowledge of OSI L7 Models, DHCP, DNS, TCP/IP
Working knowledge of VoIP
Using shared folder permissions, implemented security for network resources.
Office 365 Support
SharePoint Support
Systems Integration
Experience in scripting language (WMI, HTML)
Advanced Networking
Implementation and management of security services
Troubleshooting systems
Operational Monitoring
Automation and Backups
Requirement Analysis
Application Experience
System Administration
SCCM Administration
Kaspersky Security Centre Installation and Administration
HP Layer 3 Switch Configuration

Technical Support Engineer for Integrated Equipment, September 2014 – March 2017

Installation and setup of routers and switches
Working knowledge of APC UPS

Knowledge of LAN technologies, switches, cables and
bridges MS Active Directory
Knowledge of OSI L7 Models, DHCP, DNS, TCP/IP
Working knowledge of VoIP
Using shared folder permissions, implemented security for network resources.
Office 365 Support

SharePoint Support

Systems Integration

Experience in scripting language (WMI, HTML)

Advanced Networking

Implementation and management of security services

Troubleshooting systems

Operational Monitoring

Automation and Backups

Requirement Analysis

Application Experience

System Administration

SCCM Administration

Kaspersky Security Centre Installation and Administration

HP Layer 3 Switch Configuration

Lecturer at CTI Education Group, Bedfordview, February 2012 - 2014

Assist students with completion of modules:

A+, N+, Windows Server 2008, Linux (Ubuntu), Wireless Network and Security, Convergence+ (VoIP), Windows Server 2008: Network Infrastructure, Windows Server 2008: Exchange Server.

Conduct Workshops on the following skill set:

Setting up domains, configuring servers (DHCP, DNS, IIS,), setting up a LAN and WAN infrastructure using switches and routers, Configuring VoIP communication.

Create academic assessments

Marking assessments

Setting up practical exams:

Convergence+ (VoIP), Windows Server 2008, Windows Server 2008: Network Infrastructure, N+, A+, Linux (Ubuntu), Windows Server: Application Infrastructure.

Maintaining discipline

Managing progress of learners

Interests

Reading about new technologies

Motorcycles

Networking

Learning the structure and process of how a PC and network system work
